Re: ergoCentric Seating Systems

To Whom It May Concern:

I would like to take this opportunity to express my positive experience with dealing with ergoCentric. Our sales representative Ken Hammond is very prompt, professional and knowledgeable. The ergoCentric product offering is terrific with multiple sizes and options. I believe they are an industry leader in ergonomics. The customer service is great. Quick acknowledgements, fast repair turnaround times, quick delivery. Custom orders are handled efficiently. We are able to fit all staff members with the appropriate chair. Training is available with every purchase. Our Kinesiologist finds ergoCentric and their product line very easy to work with. St. Mary's Hospital highly recommends ergoCentric as a seating supplier.

Sincerely,

Cathy McKersie
