ergoCentric wins Canadian Occupational Safety Readers' Choice Award

Mississauga, Ontario, Canada – September 14, 2016 – *Canadian Occupational Safety* readers have selected ergoCentric as one of the best **Ergonomic Products Supplier** in [Canadian Occupational Safety](#) first annual Readers' Choice Awards.

Tens of thousands of ballots were cast through a comprehensive and dynamic survey where readers selected their favourite occupational health and safety vendors and suppliers across 52 different categories. The award was designed to highlight extraordinary firms; one's readers think are the very best at what they do.

"We are pleased to be recognized as the best ergonomic products suppliers by the readers of Canadian Occupational Safety magazine," said Terry Cassaday, owner of ergoCentric Seating Systems. "We are proud to say our sole mission is to design and manufacture the best ergonomic chairs in the world and are always excited to receive recognition for our premier manufacturing of high-quality ergonomic seating for office, specialty and healthcare environments."

"We provide our customers with superior [ergonomic seating](#) and [electric height adjustable table](#) solutions," said Terry Cassaday, owner of ergoCentric. "More and more employers are using our products in their facilities as preventative means of limiting the risk of musculoskeletal injuries. Thank you to all of our customers who voted for ergoCentric."

About ergoCentric Seating Systems

ergoCentric Seating Systems was founded by Terry Cassaday in 1990. Since then ergoCentric has been dedicated to designing, manufacturing and selling modular ergonomic seating solutions for office, specialty and healthcare environments for customers such as Apple®, Bell Canada and the Canadian Revenue Agency. Its build-to-order manufacturing system allows ergoCentric to fit 100% of the workforce, while its always-in-stock inventory of components allows it to quickly and cost effectively assemble and ship seating solutions anywhere in North America and Europe. ergoCentric's products appeal to a broad range of buyers including facilities managers, ergonomists, occupational health and safety professionals and interior designers.
