

# Leg Rest

# Leg Rest; work in a relaxed position.

The Leg Rest offers comfort and support for long shift work or for those requiring elevated support due to a leg injury. The Leg Rest features memory foam for a more cushioned support as well as two elevation curves for a wider range in height and angle support requirements.

The easy-to-use ring type height adjustment activator and 360° swivel allows the user to adjust the leg rest to their ideal position.

## Features

- Memory (EA) foam for a more cushioned support
