

upCentric® Workstation Power Combo

The upCentric® Workstation Power Combo pairs a clamp-on desktop power dock with an under-desk power bar for a complete, convenient power solution.

The clamp-on dock includes two AC outlets plus USB-A and USB-C ports, making it easy to charge devices or access power for temporary use.

The under-desk power bar offers nine outlets across three sides. It's ideal for powering monitors, computers, and other equipment that require permanent power, while helping keep your workspace clean and organized.
