

# ergoCentric+Guard™

ergoCentric+Guard™ is a puncture and tear resistant material that has been independently tested to 10 times the strength of vinyl upholstery. Available in a variety of color options, ergoCentric+Guard provides a superior level of durability against cracking when subjected to cleaning agents used in cleanroom, laboratory and factory environments.

More durable and comfortable than self-skinning polyurethane, ergoCentric+Guard is ideal for high traffic areas and harsh environments, and can be used on all ergoCentric's stools, sit stands and chairs.

## SPECIFICATIONS

Contents	100% Polyurethane 100% Cordura Nylon Backing
----------	---

## PERFORMANCE

Tear (ASTM D2261)	Warp 95 lbs (426N)
Puncture (ASTM D751-06)	262 lbs (1162N)
Tensile (ASTM D5034-09)	Warp 566 lbs (2517N)
Abrasion (ASTM D4157-07)	1,000,000 Double Rubs

- Impermeable polyurethane structure provides superior puncture resistance, tear and tensile strength as compared to vinyl
- Forms a seamless moisture-proof barrier
- Stands up against cleaning agents typically used in laboratory, intensive-use and wash-down environments
- Latex free
- PVC-free

## FLAMMABILITY

State of Calif. Tech. Bulletin | 117 section E

Passes

## CLEANING

- Clean all stains as soon as possible
- Cleanable with Virox 5, Cavicide and Rescue at full concentration, wipe down immediately with a clean cloth after application
- Bleach cleanable with water (10:1), wipe down immediately after application

## WARRANTY

- 10 year performance warranty
- No charge upholstery replacement guarantee against punctures
