

ergoCentric® Sit Stand

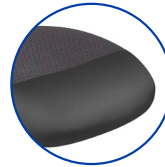

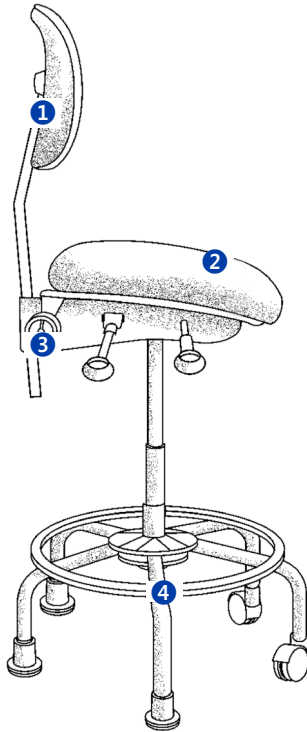

With its innovative design, the ergoCentric® Sit Stand is the ultimate sit-stand chair—offering three seating solutions in one. It functions as a sit-stand, a sit-stand with a backrest, or a counter- or desk-height task chair.

Made with Frixion™ upholstery, the No-Slip Strip is an integral part of the ergoCentric Sit Stand's design, designed to prevent users from slipping while in the perched position. The front casters make the sit-stand easy to move around and it comes fully assembled for convenience.
