

iCentric™
Stacker

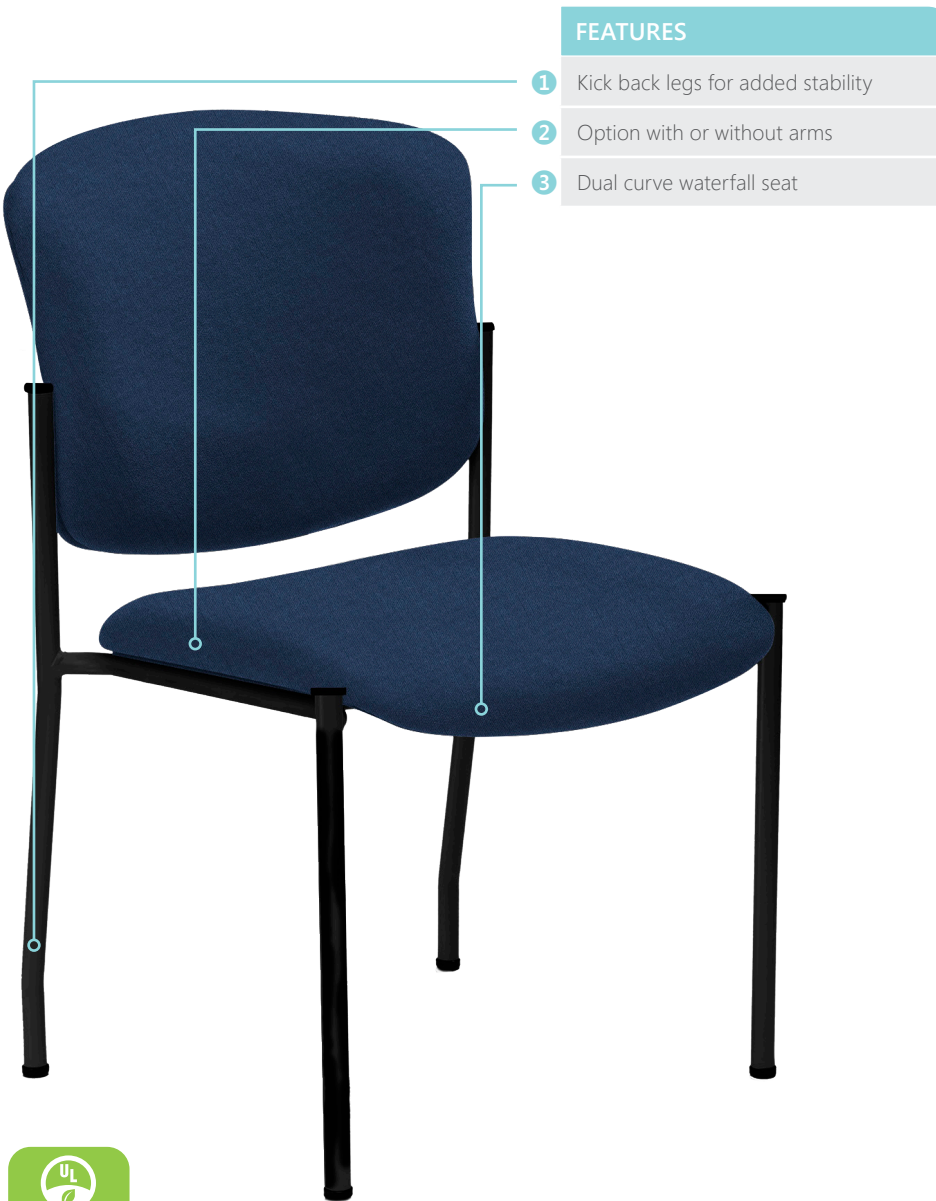

ergoCentric®

iCentric™ Stacker; convenient and durable.

The iCentric Stacker offers superior support to ensure your visitors are sitting comfortably. Ideal for settings that require occasional seating, the design of the back structure offers subtle lumbar support while the curved seat reduces pressure on the sitting bones and improves circulation.

With its modular construction and available options, it is well suited for private offices, waiting areas, cafeterias, classrooms and auditoriums.
