upCentric Power & Data Rail

A Clean, Safe and Organized Workplace with upCentric Power & Data Rail

upCentric Power & Data Rail is designed to optimize floorplans with a clean and tidy look by providing organized power and data for each individual desk. upCentric Power & Data Rail eliminates the need for messy wires on the floor, reducing trip hazards and improving workplace safety.

Integrating seamlessly with ergoCentric's seating products, height adjustable desks and tables, and workstation accessories, upCentric Power & Data Rail is a vital component of any ergonomic workspace as it allows for a variety of postures throughout the day. Whether sitting or standing, upCentric Power & Data Rail creates an ideal working environment while increasing comfort, safety and productivity.
